

Cookie Policy

Shaft Automotive Engineering uses cookies for a variety of purposes such as remembering your preferences, measuring your activity on Shaft Automotive Engineering' websites, mobile sites and mobile applications ("Sites") or optimizing your user experience. You can use the Shaft Automotive Engineering cookie management tool to control certain types of cookies that are set during your visits to our Sites. Please review our Privacy Statement for more information about Shaft Automotive Engineering privacy practices.

Cookie Settings

- The types of cookies Shaft Automotive Engineering and others may place on your device are described below.
- Shaft Automotive Engineering will read or set only the types of cookies that are strictly necessary or specifically allowed by your preference settings.
- Shaft Automotive Engineering allows you to specify your preferences for the types of non-strictly-necessary cookies that are set on your device from our Sites through the Shaft Automotive Engineering cookie management tool.
- When you specify your preferences through our tool, Shaft Automotive Engineering will place a special cookie on your device. This cookie will only be used to remember your preferences so that you don't have to specify it for each visit. This special cookie is considered a strictly necessary cookie. If you delete this cookie, your preferences will no longer be recognized, and Shaft Automotive Engineering will request that you reset your consent preferences.
- Cookies set by our Sites prior to your specifying your preferences will remain on your device but Shaft Automotive Engineering will not access or use those non-strictly-necessary cookies. You may remove them using functionality provided by your browser. Please note that cookies are specific to the browser or device you use, as well as to the domain, and you will therefore have to specify your preferences again if you change your browser or device, or visit a different domain.
- You may change your consent settings by following the directions included here. Any specific questions regarding these consent settings may be sent support@shaftauto.com

Cookie Types

Shaft Automotive Engineering sets the following types of cookies for the following purposes.

- Strictly Necessary Cookies – These cookies are necessary to facilitate basic site functionality, such as:
 - remembering log-in state and provide security
